The logo features a large red letter 'G' on the left. Inside the 'G' is a white silhouette of two people, an adult and a child, facing each other. To the right of the 'G', the word 'GENERATIONS' is written in a bold, red, sans-serif font. Below 'GENERATIONS', the year '2010' is written in the same red, sans-serif font.

**GENERATIONS**  
**2010**

Sound clinical education and skill-building for professionals providing  
behavioral / mental health & substance abuse treatment  
for today's kaleidoscope of adult generations

**April 19-20, 2010**  
**Salt Palace Convention Center**  
**100 So. West Temple**  
**Salt Lake City, Utah**

*Supported by a partnership of caring organizations including*

University of Utah Neuropsychiatric Institute (founder)

Alzheimer's Association, Utah Chapter with the  
Utah Division of Aging & Adult Services

Ark of Little Cottonwood

Highland Ridge Hospital

Utah Division of Substance Abuse & Mental Health

*The landscapes of America and the world are changing at exponential rates. The kaleidoscope of our population, our lives, and our world is in constant motion and the changing colors are mesmerizing. Living within this kaleidoscope creates many challenges and also many opportunities for individuals in the generations of today and the future - including those in the professions of health, mental health and substance abuse treatment.*

*To keep your skills sharp and your practice healthy, join your professional colleagues at Generations 2010 for state-of-the-science education and practice techniques that will help positively impact the care you provide to individuals from all planes of the generational kaleidoscope. Special partnerships behind this year's program will offer you abundant information for all types of practices and for all aspects of those practices.*

## **CONFERENCE AIM**

As always, *Generations* will offer you a vast selection of training in the mental health and substance abuse treatment dimensions. Over two days, you will be able to select classes designed to increase your knowledge of pertinent behavioral health and addiction issues facing today's generations in order to develop and implement effective prevention and intervention / treatment programs and strategies - in communities and in individual practices and programs. Ultimately, this will improve clinical practice and client care.

## **TARGET AUDIENCE**

This ninth annual conference will feature leading faculty to present the latest evidence-based practices, in-depth clinical information, research and technical skills / practice tools in lively, interactive workshops. *Generations* is specifically designed for professionals in:

- Counseling
- Education
- Employee Assistance
- Family Practice
- Geriatrics
- Gerontology
- Health Education
- Home Health
- Hospice
- Judicial/Corrections
- Long-Term Care
- Marriage/Family Therapy
- Medicine
- Nursing
- Pharmacy
- Primary Care
- Psychiatry
- Psychology
- Social Work
- Substance Abuse Treatment
- Other Health & Mental Health Professions

## CONFERENCE FEATURES & BENEFITS

This year, the tracks on MENTAL HEALTH have been targeted to **pertinent issues** which are on the rise and rated by past attendees as key in most practices. Without question you will learn the latest information on issues faced by your clients. The ADDICTION track will do the same as you learn the hottest **neuroscience** data which impacts your clients and can direct you to the most effective **interventions** for clients in all generations. Controversial issues will not be ignored. For example, hear passionate beliefs from both sides of debates around use of suboxone and benzodiazepines.

Thanks to a partnership with the Veteran's Administration and various MILITARY branches, you will be exposed to the **trends and nuances** being created in our current war state. What is the impact on those who serve and on their families whom you will see in your practice? Is PTSD different in military personnel and the general population? How, if at all, does the treatment of this and other diagnoses differ in these groups? How can you become a **treatment provider** for this growing population of military?

Keeping up with the turns of our population's kaleidoscope, a special track on OLDER ADULTS will provide you with **assessment, screening and treatment tools** which will help, not only the geriatric population, but also their FAMILIES and caregivers who will appear in your office.

For those dealing with older adults in various settings outside the home, a partnership with the Alzheimer's Association will offer you a special track on MULTI-CULTURAL issues to grow and strengthen your practice in ways which will **increase your bottom line** and **improve care and services** provided to individuals and families. You will be able to walk through the DIVERSITY VILLAGE filled with the sights, sounds and culinary specialties of a kaleidoscope of cultures.

Also special to this year's program is an enhanced MEDICAL track with specialists from all areas who will present the latest **research** and most **effective tools** for you to apply in your own practice.

Specifically, by attending any of these exceptional sessions you will be able to:

- Gain effective working tools for intervention - prevention to tertiary treatment;
- Develop strategies to more effectively promote the healthy growth and development of individuals in all developmental stages; and,
- Familiarize yourself with current resources and resource needs.

The 2010 faculty presenting these issues is diverse and phenomenal! They have been asked to provide you with HANDS-ON TOOLS in SKILL-BUILDING workshops. Outside of the sessions, you will benefit from ABUNDANT NETWORKING OPPORTUNITIES with faculty, colleagues, a select number of exhibitors and other resources. All EVIDENCE-BASED PRACTICES and PRACTICE-BASED EVIDENCE will be presented to you in a COMFORTABLE, SPACIOUS ENVIRONMENT.

Why travel long distances and pay extra expenses when one of the highest quality, professional training programs is here, close, in the west for a nominal amount? Enrich your practice - join *Generations 2010* for one of the most impactful and professional conferences around!!

## CONTINUING EDUCATION CREDITS

This program includes 13.25 hours of course work for continuing education credit.

\* Accreditation: ESI Management Group is accredited by the Utah Medical Association to provide continuing medical education for physicians.

\* AMA Credit: ESI Management Group designates this educational activity for a maximum of 13.25 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.
